| • Verbal communication | • Teamwork |

EXPERIENCE

Javascript Developer, Student, Jan 2022 - Current, Mesa, Arizona

- Developed websites to work properly across all major browsers.
- Integrated APIs to allow outside applications and sites to interact smoothly with them.
- Initiated small web projects independently and contributed to large team effort on others.
- Continuously studied and improved abilities with wide range of web technologies, design tools and programming practices.
- Produced code in programming frameworks/ environments such as React.js and Node.js to create the most effective and clean websites.

Security Forces, US Air Force, Jan 2016 - Jan 2022, Moody Air Force Base, Georgia

- Completed seven weeks of Basic Training, 12 weeks of technical training for Security Forces, then one year of on the job training.
- Multiple deployments where I was responsible for the security of multi-million dollar military assets and personnel. This was accomplished through my command and control of 100 Security Forces members on a daily basis.
- Two years of instructing and training new Security Forces members.
- Worked with higher leadership to build training plans that enabled the Group to retain its mobility certifications.

- Specifically chosen for multiple Temporary Duty Locations to include; Airborne School, TASS/RAID course, and a Field Expedient Air Base Defense exercise in Guam

EDUCATION

Bachelor of Science, Computer Software Technology Dec 2023

University of Arizona Global Campus

Currently working towards furthering my education. Willing to continue any education required by a future employer.

Full Stack Web Development Nov 2022

Zero To Mastery Academy

Learned to code and become a Web Developer with HTML, CSS, Javascript, React, Node.js, Machine Learning & more.

High School Diploma, General Studies May 2015

Holyoke High School

AWARDS

Air Force Achievement Medal (*with Second Oak Leaf Cluster*), 2021

Awarded for my time in the 823 Base Defense Squadron. Recognitions include:

- Leading squad sized force packages in training for airfield infiltration using a C-130 aircraft.
- Being selected to be a part of a Special Operations Command exercise. Where my abilities enabled the validation of 120 operators to be mission ready.
- Excelling in a joint force exercise; COPE NORTH, a multinational combat readiness event where I shared tactics and techniques with Australian and Japanese forces.
- Being deployed to enable the opening of Prince Sultan Air Base, Saudi Arabia in support of Operation SPARTAN SHIELD.
- My actions enabled the unit to be named the Group's "Best Medium Unit" for 2018 and 2019.

Air Force Achievement Medal (*with First Oak Leaf Cluster*), 2019

Directly responded to an incident, outside working hours, and rendered emergency medical care while on temporary duty assignment supporting United States Special Operations Command.

Air Force Achievement Medal (*with Combat "C" Device*), 2019

Oversaw multiple security detections systems. My oversight of four Airmen, six cameras, five alarm points, and a ground radar synchronized seven million dollars worth of equipment into a comprehensive 24-hour surveillance operation protecting 3,800 coalition forces.
