📍 12,Sivanthipuram 6th Street  
Virudhunagar

### SKILLS

Blogging and content writing

UI/UX Design

Java Programming

Technical Collaboration

Data Management

### EDUCATION

**HSC** 2020-2021

Kshatriya Vidhyasala Matriculation  
Higher Secondary  
School

**Bachelor of Engineering..**, 2021-2025

AAA COLLEGE OF ENGG &TECH

### ACHIEVEMENTS

**1st Prize, Mathzoid - National Level Symposium, Mepco College:** Awarded 1st prize in the Mathzoid competition at a national-level symposium, showcasing strong problem-solving and mathematical abilities.

### CERTIFICATION

**Programming in Java - NPTEL:** Certified completion of NPTEL course on Java programming,demonstrating proficiency in Java development principles and practices.

### PROFILE

As a Final-year B.E. Computer Science student , I am eager to leverage my academic background and practical skills in a full-time role. I am committed to continuous learning and innovative problem-solving, and I thrive in collaborative environments where I can contribute to meaningful projects. My ability to quickly adapt and apply new concepts makes me a strong candidate for roles that require both technical expertise and a proactive approach.

### WORK EXPERIENCE

#### INTERN

**T.C.P.S IT EDUCATION,VIRUDHUNAGAR**

**04.08.2022 - 20.08.2022**

- Assisted in developing and executing programs in the field of Object oriented programming

**NIRALS INFORMATION TECHNOLOGY,KOVILPATTI** 03.07.2023 - 29.07.2023

- Demonstrated skills in HTML, JavaScript, Bootstrap, jQuery, and basic PHP. Completed all tasks on time and exceeded performance expectations. Effectively contributed to team projects

**ZOHO CORPORATION PVT. LTD**

**09.07.2024 - 08.08.2024**

- Developed and implemented software solutions using Java, focusing on core concepts such as OOP, exception handling, and Java Collections. Managed tasks including user and data management while collaborating with mentors and peers to enhance technical skills and receive constructive feedback.

### PROJECTS

**March 2020 - Present**

**TECH INFO'S BLOG** 🔍 <https://tech-infos001.blogspot.com/>

- Developed and launched a personal technology blog during the COVID-19 pandemic to utilize time productively and share knowledge. Created engaging content on various technology topics, attracting a growing audience. Gained hands-on experience with web development, content management, and SEO. Improved confidence and expertise in the technology field through continuous learning and application.

#### Calorie Deficit App

- Developed a mobile application using Flutter aimed at calculating daily calorie intake and expenditure. Implemented features to track food consumption, exercise activities, and calculate calorie deficits. Utilized various Flutter widgets and packages for user interface design and data management. Designed an intuitive user interface for easy navigation and data input.

#### vIX Voice Assistant

- Developing a voice assistant mobile application using Flutter for performing small tasks via voice commands. Implementing speech recognition and natural language processing functionalities. Designing an interactive user interface for voice input and output feedback. Integrating with external APIs for additional functionalities. **Currently in development**
